

Homework

In the last topic, we have set the children a weekly research piece of homework that links in with their learning at school. We will continue to do this and expect the children to produce their homework to a high standard.

Home work will continue to be set on a Monday and then due in on the Friday of that week. We will also continue to have our two lunchtime homework clubs for the children to attend to complete this as well as their reading homework, spellings practice and Times Tables Rockstars.

Who am I?

Our Values

- **Challenge-** To discover enough about the human body to create a horrible science video.
- **Team work** - Children will work in groups to dissect a heart.
- **Independence-** Children will use ICT to independently research the human body.
