

Homework

Homework projects.

Please choose 1 of the tasks and be ready to hand it in by **Wednesday 13th December 2017**. This task will replace the larger weekly task, but we will be continuing with weekly spellings and times tables.

Geography

Find out about India. Where is it in the world? What do you know about its location and climate? Explore the key cities of India and create a poster or holiday brochure to present to the class packed full of information.

Maths

Write a recipe for an Indian dish; include all the weights and measurements for the ingredients and how to make it.

Art/DT

Find out about the Taj Mahal. Build and decorate one of your own (feel free to build it on minecraft).

Science

Create your own science experiment that explains how you purify water.

English

What words in the English language come from the Indian language originally? Create a poster/ factual report about ..

Celebrating India!

Our Values

- Teamwork- Working as teams to design our own festival.
- Resilience- Keep going and trying new methods with our art work, improving what we have done.
- Independence- Research independently and present findings.
- Challenge- The children will be expected to help Grandpa Leicester find his way around India.
- Creativity- Making unique festivals and art.

Autumn 2

Celebrating India!

English (Grandpa Chatterji): We will be writing a story with a lost and found theme and creating reports about India.

Maths: In maths we will cover mental methods for all of the different calculations. We will also look at symmetry, reflection and rotation.

ICT: We will be researching India to discover exciting facts about its religions, environment, buildings and climate.

Art: We will be exploring the effect of using water on the paper or our canvas and creating art using ink and water and also watercolour paints.

D.T: We be creating some Indian food such as samosas.

Geography: Looking at the southern and northern hemisphere and how this effects the climate in India. We will also compare the Indian climate and culture to ours in the UK.

PSHE: Looking at the difference between feelings and moods. Thinking of strategies to help us when we are in a bad mood. Also we will look at each others strengths, weaknesses and ambition in life.

R.E: Hinduism and the Diwali festival. What do we celebrate? Why?

Music: Beauty and the Beast! We will also be continuing our weekly ukelele lessons.
