

## Medical & First Aid

Date	Review Date	First Aid Nominated Person	Nominated Governor
October 2017	October 2019	Julie Waller/ Chris Coster	Chair of Governors

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Health and Safety (First Aid) Regulations 1981
- Occupiers' Liability Acts 1957 and 1984
- Health and Safety at Work, etc Act 1974
- Workplace (Health Safety and Welfare) Regulations 1992
- Education (School Premises) Regulations 1999
- Management of Health and Safety at Work Regulations 1999
- Education Act 2002
- Health and Safety (Miscellaneous Amendments) Regulations 2002
- Equality Act 2010
- School Premises (England) Regulations 2012
- Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 2013

We have a duty of care under The Health and Safety (First Aid) Regulations 1981 to promote the health, safety and welfare of all pupils, school personnel and school visitors by providing adequate first aid equipment, facilities and school personnel qualified in first aid.

We will ensure that under the Reporting of Injuries, Diseases and Dangerous Occurrences Regulations 1995 (RIDDOR) that all accidents resulting in death, major injury or the prevention of the injured person undertaking their normal work for more than three days will be reported to the Health and Safety Executive (HSE).

We will ensure that first aid provision is up to date and available at all times in school and for all off-site educational visits and sporting events. Pupils and school personnel with specific health needs and disabilities will be given specific consideration.

We ensure all school personnel and supply teachers:

- will attend periodic first aid refresher training;
- are trained in how to administer medication in the case of a severe allergic reaction;
- are familiar with the Individual Health Care Plans of pupils in their care;
- know what to do in an emergency;
- are aware that allergy management strategies are incorporated into risk assessments for all school events, educational visits and sporting events.

We work hard to have in place and to maintain a system that ensures all medical care plans are kept up to date and are available at all times to school personnel who may need them in an emergency. It is vital that all medical care plans clearly indicate whether a pupil needs emergency medication such as asthma inhalers or epipens.

## ***Northern Parade Schools***

Those members of the school personnel who have volunteered to administer or supervise the taking of medication attend regular refresher training and are up to date with the medical care plans for those pupils with specific medical needs or emergency medication.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.
