

Date	Review Date	Coordinator	Nominated Governor
November 2017	November 2020	Inclusion Manager	Nigel Huxtable

We believe this policy should be a working document that is fit for purpose, represents the school ethos, enables consistency and quality across the school and is related to the following legislation:

- Medicines Act 1968
- Misuse of Drugs Act 1971
- Health and Safety Act 1974
- Children Act 1989
- Education Act 1996
- Education Act 2002
- Children Act 2004
- The NHS Act 2006
- Equality Act 2010
- School Premises (England) Regulations 2012 (as amended)
- Children and Families Act 2014
- Special Educational Needs and Disability (Amendment) Regulations 2015

The following documentation is also related to this policy:

- Equality Act 2010: Advice for Schools (DfE)
- The Special Needs and Disability (SEND) Code of Practice
- Supporting Pupils at School with Medical Conditions (DfE)

We are an inclusive community that supports and welcomes pupils with long and short term medical conditions. We will not deny admission to any child with a medical condition or prevent them from taking up a place if arrangements for their medical condition have not been made.

We have a legal duty under the Children and Families Act 2014 to support pupils with long-term medical conditions such as diabetes, asthma and epilepsy, and we will ensure that these children have full access to the curriculum, all sporting activities and educational visits so that they can play a full and active role in school.

We work closely with parents/carers, health and social care professionals, the local authority, commissioners and other support services to ensure effective individual health care plans, monitoring, reviewing and updating procedures are in place and to ensure children with medical conditions receive a full education.

We understand individual healthcare plans will be drawn up in partnership between the school, parents, pupil and a relevant healthcare professional.

We want parents to feel confident and reassured that we are providing effective support for their child's medical condition that involves:

- having in place risk assessments for all school activities on and off-site
- having in place individual healthcare plans
- having good links with local health and social care services

Northern Parade Schools – Long-Term Medical Conditions

- allowing children easy access to their inhalers and medication
- administering medication when and where necessary
- not ignoring the views of children, parents and medical professionals
- allowing children to participate in all curriculum, sporting and school activities
- providing assistance when a child becomes ill
- allowing children with medical conditions to take drinking, eating or toilet breaks when and where necessary
- not penalising a child for poor attendance due to their medical condition
- dealing with children's social and emotional problems linked to their medical condition
- building confidence and promoting self-care
- having in place sufficient school personnel that are suitably trained
- having in place adequate absence cover arrangements for school personnel ensuring someone is always available
- ensuring all relevant school personnel including supply teachers are aware of individual children's medical condition
- having in place effective transitional arrangements between schools
- having in place effective home-to-school transport arrangements

We are aware that we have a common law duty to act in loco parentis and we will take the necessary action in an emergency whether it is on or off-site.

Administration of medicines by any member of the school personnel is undertaken purely on a voluntary basis and individual decisions will be respected. However, appropriate training will be provided before any member of the school personnel who has volunteered and accepted this role to be familiar with all administration of medication procedures. Under no circumstances will a member of the school personnel administer prescription medicines or undertake healthcare procedures without appropriate training.

We ensure the physical school environment is accessible, inclusive and favourable to pupils with short and long term medical conditions when undertaking all school activities in or out of school time.

We work hard to have in place and to maintain a system that ensures all medical care plans are kept up to date and are available at all times to school personnel who may need them in an emergency. It is vital that all medical care plans clearly indicate whether a pupil needs emergency medication such as asthma inhalers or epi-pens.

Those members of the school personnel who have volunteered to administer or supervise the taking of medication attend regular refresher training and are up to date with the medical care plans for those pupils with specific medical needs or emergency medication.

We wish to work closely with the School Council and to hear their views and opinions as we acknowledge and support Article 12 of the United Nations Convention on the Rights of the Child that children should be encouraged to form and to express their views.

We as a school community have a commitment to promote equality. Therefore, an equality impact assessment has been undertaken and we believe this policy is in line with the Equality Act 2010.

We believe it is essential that this policy clearly identifies and outlines the roles and responsibilities of all those involved in the procedures and arrangements that is connected with this policy.

Northern Parade Schools – Long-Term Medical Conditions

Aims

- To support pupils with long-term medical conditions such as diabetes, asthma and epilepsy.
- To ensure pupils with long-term medical conditions have full access to education, all sporting activities and educational visits so that they can play a full and active role in school.
- To ensure effective individual health care plans are in place.
- To ensure compliance with all relevant legislation connected to this policy.
- To work with other schools and the local authority to share good practice in order to improve this policy.

Responsibility for the Policy and Procedure

Role of the Governing Body

The Governing Body has:

- responsibility for ensuring 'that arrangements are in place in schools to support pupils at school with medical conditions';
- appointed a member of staff to be responsible for coordinating supporting pupils with long-term medical conditions;
- responsibility for ensuring that the Executive Headteacher 'consults health and social care professionals, pupils and parents to ensure that the needs of children with medical conditions are properly understood and effectively supported';
- delegated powers and responsibilities to the Executive Headteacher to ensure all school personnel and stakeholders are aware of and comply with this policy;
- responsibility for ensuring full compliance with all statutory responsibilities;
- responsibility for ensuring that children with long-term medical conditions have the same rights to admission as other children;
- responsibility for ensuring individual health care plans, procedures and systems are properly and effectively implemented;
- responsibility for ensuring training is in place for relevant school personnel who support children with long-term medical conditions;
- responsibility for ensuring that the school complies with all equalities legislation;
- responsibility for ensuring funding is in place to support this policy;
- nominated a link governor to:
 - visit the school regularly;
 - work closely with the Executive Headteacher and the coordinator;
 - ensure that everyone connected with the school is aware of this policy;
 - attend training related to this policy;
 - annually report to the Governing Body on the success and development of this policy.

Role of the Executive Headteacher and Leadership Team

The Executive Headteacher and the Leadership Team will:

- ensure all necessary arrangements are in place all new entrants;
- provide the necessary support for pupils with long-term medical conditions;
- ensure all pupils with long-term medical conditions have full access to the curriculum, all sporting activities and school activities;

Northern Parade Schools – Long-Term Medical Conditions

- ensure individual healthcare plans are in place to ensure that pupils with medical conditions are effectively supported;
- ensure relevant school personnel (full-time and supply teachers) are made aware of children with long-term medical conditions;
- ensure relevant school personnel are made aware of all individual healthcare plans;
- monitor all individual healthcare plans;
- ensure appropriate school personnel are trained in the use of the defibrillator in order to deal with sudden cardiac arrest;
- ensure that sufficiently trained school personnel are in place to deliver individual healthcare plans;
- ensure more than adequate school personnel absence cover arrangements are in place;
- contact the school nursing service when a child with a medical condition needs support;
- bring to the attention of the school nurse any child who has a medical condition that may require support at school;
- ensure school personnel do not prevent children with medical conditions:
 - taking a full part in all school activities
 - having full access to the curriculum
 - accessing their inhalers and medication
 - administering their medication when and where necessary
- ensure school personnel do not:
 - assume that every child with the same medical condition requires the same treatment
 - ignore the views of children or parents
 - prevent pupils managing their medical condition effectively
 - expect parents to administer their child's medication
- ensure that risk assessments are in place for school visits, holidays and other school activities;
- ensure transitional arrangements between schools are in place;
- ensure if a child's needs change then all relevant personnel are made aware of these changes;
- ensure parents are aware of the complaints process;
- ensure all school personnel, pupils and parents are aware of and comply with this policy;
- work closely with the link governor and coordinator;
- provide leadership and vision in respect of equality;
- provide guidance, support and training to all staff;

Role of the Coordinator

The coordinator will:

- lead the development of this policy throughout the school;
- work closely with the Executive Headteacher and the nominated governor;
- ensure all individual healthcare plans are in place and up to date;
- monitor and annually review all individual healthcare plans;
- ensure relevant school personnel are made aware of children with long-term medical conditions;
- ensure relevant school personnel are made aware of all individual healthcare plans;
- provide cover in the absence of relevant staff

Northern Parade Schools – Long-Term Medical Conditions

- provide guidance and support to all relevant staff;
- provide awareness training for all staff on induction and when the need arises;
- keep up to date with new developments and resources;
- undertake risk assessments for extra-curricular activities, educational visits and other off-site visits;
- ensure emergency procedures are in place;
- liaise with parents and will ensure arrangements are in place when a pupil is diagnosed with a medical condition;
- liaise with parents and will ensure arrangements are in place when a child starts mid-term;
- liaise with feeder schools and transitional schools;
- ensure all medications are kept in a secure place and accessible only to the designated persons;
- ensure all medications are kept cool in a small secure fridge;
- ensure records are kept of all medications administered to children;

Individual Healthcare Plans

Individual Healthcare Plans will be devised and written at a meeting involving:

- relevant school personnel
- the child
- parents/carers
- local healthcare and medical professionals

At this meeting the following will be discussed:

- confidentiality of pupil information
- list of school personnel who need to know of the child's condition
- the medical condition
- symptoms and treatments
- signs
- how the condition is triggered
- medication and dosage
- self-management of medication
- medication administered by school personnel (with written permission in place)
- storage and accessibility of medication
- dietary requirements
- access to food and drink
- specialist equipment
- level of support required
- school personnel absence cover arrangements
- training needs of support personnel
- health and safety issues
- environmental issues and requirements
- attendance at medical appointments
- procedures regarding educational visits
- school timetable
- time between lessons
- extra time to complete exams
- use of rest periods
- additional support in catching up with lessons

Northern Parade Schools – Long-Term Medical Conditions

- counselling sessions
- reintegration back into school after a period of absence
- transitional arrangements
- special educational needs arrangements (if any) or
- links to a special educational needs statement
- risk assessments
- dealing with emergency situations
- school evacuation procedures
- home to school transport arrangements
- roles and responsibilities of relevant school personnel

Role of Parents/Carers

Parents/carers will:

- be aware of and comply with this policy;
- inform the school if their child has a medical condition;
- work in partnership with the school;
- provide up to date medical information of their child's condition;
- be involved in discussions regarding medical support and individual healthcare plan for their child;
- provide the appropriate medication for the school to administer;
- ensure medications are in good supply;
- provide any specialist equipment;
- ensure their contact details are kept up to date;
- ensure that all emergency contacts are current;
- made aware of the Complaints procedures policy if they should need to use it;
- comply with this policy for the benefit of their children;
- be asked to take part periodic surveys conducted by the school;

Role of School Personnel

Administration of medicines by any member of the school personnel is undertaken purely on a voluntary basis and individual decisions will be respected. However, appropriate training will be provided before any member of the school personnel who has volunteered and accepted this role to be familiar with all administration of medication procedures.

School personnel will:

- comply with all aspects of this policy;
- not administer medications without the appropriate training;
- not undertake healthcare procedures without the appropriate training;
- implement the school's equalities policy and schemes;
- report and deal with all incidents of discrimination;

Role of Pupils

Pupils will:

- be aware of and comply with this policy;
- be involved in discussions regarding their medical support and individual healthcare plan;

Northern Parade Schools – Long-Term Medical Conditions

- after discussions with parents/carers be encouraged to manage their own health needs and medications;
- have access to their own medicines and relevant devices;
- be encouraged to work in partnership with the school by making decisions and exercising choice in relation to their educational programme;
- take part in questionnaires and surveys.

Role of School Nursing Services

The school nursing service will:

- notify a school before a child, who has been identified with a medical condition and needs support, starts;
- provide information about medical conditions;
- support school personnel implementing individual healthcare plans;
- provide advice and training on developing individual healthcare plans;
- provide support for children with medical conditions;
- liaise with lead clinicians.

Role of Healthcare Professionals

Healthcare professionals such as paediatricians' and general practitioners will provide:

- contact the school nursing service when a child has been identified with a medical condition that requires support at school;
- advice on developing individual healthcare plans;
- information about medical conditions;
- support for children with particular conditions;
- training for school personnel.

Role of the Local Authority

The local authority ensure support specified within individual healthcare plans is delivered effectively by providing:

- support, advice and guidance;
- training for school personnel;
- advice on how pupils with medical conditions can maintain full-time attendance
- other arrangements if a child with medical conditions cannot receive a suitable education because of their health needs.

Role of Clinical Commissioning Groups

We understand Clinical Commissioning Groups:

- commission healthcare professionals such as specialist nurses;
- ensure commissioning is responsive to children's needs;
- ensure health services are able to co-operate with schools supporting children with medical conditions;
- must make joint commissioning arrangements for education, health and care provision for children and young people with SEN or disabilities;
- must be responsive to local authorities and schools seeking to strengthen links between health services and schools.

Raising Awareness of this Policy

We will raise awareness of this policy via:

- the School Handbook/Prospectus
- the school website
- the Staff Handbook
- meetings with school personnel
- information displays in the main school entrance

Training

Training will be provided to all school personnel who support pupils with a medical condition and will consist of:

- awareness of the medical condition(s) in question
- first-aid
- administering medication
- record keeping
- intimate Care
- manual handling
- confidentiality
- periodic training so that they are kept up to date with new information
- equal opportunities training on induction

Equality Impact Assessment

Under the Equality Act 2010 we have a duty not to discriminate against people on the basis of their age, disability, gender, gender identity, pregnancy or maternity, race, religion or belief and sexual orientation.

This policy has been equality impact assessed and we believe that it is in line with the Equality Act 2010 as it is fair, it does not prioritise or disadvantage any pupil and it helps to promote equality at this school.
