- Child Sexual Exploitation - definition and guide for practitioners (DfE 2017)

We are committed to safeguarding and promoting the welfare of all children and take account of the information contained in the DfE documents 'Working Together to Safeguard Children' and 'Keep Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2016)' as the safety and protection of children is of paramount importance to everyone in this school and we work hard to create a culture of vigilance. At all times we will ensure what is best in the interests of all children.

Safeguarding and promoting the welfare of children is best defined as:

'protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes'. (Keep Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2016))

We believe that all children have the right to be safe in our society. Therefore, we recognise that we have a duty to ensure arrangements are in place for safeguarding and promoting the welfare of children by creating a positive school atmosphere through our teaching and learning, pastoral support and care for both pupils and school personnel, training for school personnel and with working with parents. We teach all our children about safeguarding.

We understand that 'safeguarding is what we do for all children, whilst child protection refers to the procedures we use for children at risk of significant harm or who have been harmed.'

We work hard to ensure that everyone keeps careful watch throughout the school and in everything we do for possible dangers or difficulties. We want all children to feel safe at all times. We want to hear their views of how we can improve all aspects of safeguarding and from the evidence gained we put into place all necessary improvements.

We want all our children to achieve their full potential by:

- being as physically and mentally healthy as possible;
- experiencing good quality education opportunities;
- living in a safe environment;
- learning and working in a safe environment;
- experiencing emotional well being;
- feeling loved and valued;
- receiving support from a network of reliable and affectionate relationships;
- learning to look after themselves;
- coping with everyday living;
- having a sense of identity and a positive image of themselves;
- developing their confidence and their interpersonal skills

We recognise that the safety and protection of pupils is the responsibility of all school personnel and volunteers as they are in a unique position to notice injuries, marks or bruises when children are undertaking certain activities which might indicate a child has been abused. We believe that we must report and investigate all injuries for the safety and protection of the children in our care.

November 2017

Northern Parade Schools - Safeguarding

We acknowledge that children can be harmed physically, emotionally, sexually or by neglect. It is our duty to report any concerns that we have of child abuse as the health, safety and protection of all children is paramount. We are aware that if abuse is suspected by another child then child protection procedures will be applied to both children.

The following are types of abuse and neglect:

Abuse: a form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those known to them or, more rarely, by others (e.g. via the internet). They may be abused by an adult or adults or by another child or children.

Physical abuse: a form of abuse which may involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Emotional abuse: the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.

Sexual abuse: involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening. The activities may involve physical contact, including assault by penetration (for example rape or oral sex) or non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing. They may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, watching sexual activities, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse (including via the internet). Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Neglect: the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development. Neglect may occur during pregnancy as a result of maternal substance abuse. Once a child is born, neglect may involve a parent or carer failing to: provide adequate food, clothing and shelter (including exclusion from home or abandonment); protect a child from physical and emotional harm or danger; ensure adequate supervision (including the use of inadequate care-givers); or ensure

Northern Parade Schools - Safeguarding

access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

(Keeping Children Safe in Education: Statutory Guidance for Schools and Colleges (DfE 2016))

We have a duty to ensure school personnel have the **skills, knowledge and understanding** to keep all children safe and to be alert to the additional safeguarding challenges for looked after children and those with special educational needs and disabilities.

We are aware that **sexual exploitation** 'can take many forms from the seemingly 'consensual' relationship where sex is exchanged for attention/affection, accommodation or gifts, to serious organised crime and child trafficking. What marks out exploitation is an imbalance of power within the relationship. The perpetrator always holds some kind of power over the victim, increasing the dependence of the victim as the exploitative relationship develops.' We will report any concerns we may have regarding a pupil being possibly sexually exploited.

We are aware that **female genital mutilation (FGM)** is a form of child abuse and violence against women and affects girls particularly from North African countries. It is illegal in England and Wales to allow girls to undergo this practice, which involves the 'partial or total removal of the external female genitalia for non-medical reasons'.

We are aware that section 5b of the FGM Act 2003 has introduced a mandatory reporting duty which requires health and social care professionals and teachers in England and Wales to report to the police when a girl under the age of 18 informs them that FGM has been carried out on them or if they observe physical signs that FGM has been carried out.

Mandatory reporting duty does not apply if a person suspects that FGM has been carried out or whether they consider a girl may be at risk of FGM. In this instant we are expected to follow local safeguarding procedures. School personnel who fail to comply with the mandatory duty face disciplinary procedures.

We will inform the **Local Authority Designated Officer** of any allegations of abuse by any member of the school personnel whether they took place on the school premises or elsewhere and of the action taken in respect of these allegations.

We will also inform Local Authority Designated Officer of any person connected to the school who is considered to be unsuitable to work with children.

We have a duty to safeguard children, young people and families from **violent extremism**. We are aware that there are extremists groups within our country who wish to radicalise vulnerable children and to involve them in terrorism or in activity in support of terrorism. Periodic risk assessments are undertaken to assess the risk of pupils being drawn into terrorism. School personnel must be aware of the increased risk of online radicalisation, and alert to changes in pupil's behaviour. Any concerns will be reported to the Designated Safeguarding Lead.

Northern Parade Schools - Safeguarding

We are aware that under the '**Counter-Terrorism and Security Act 2015**' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

We provide a safe environment where we promote pupils' welfare. Within this environment we work hard to build pupils' resilience to radicalisation and extremism by promoting fundamental **British values** and for everyone to understand the risks associated with terrorism. We want pupils to develop their knowledge and skills in order to challenge extremist views.

Advice and support to protecting children from the risk of radicalisation is provided for all school personnel by the **Designated Safeguarding Lead** who has undertaken Prevent awareness training (Workshop to Raise Awareness of Prevent). Online general awareness training will also be provided by the Channel programme for all school personnel who provide support to those who have been identified as being vulnerable to being drawn into terrorism.

We will deal with all incidents of **sexting** that involves the 'sending or posting of sexually suggestive images, including nude or semi-nude photographs, via mobiles or over the Internet.'

We are committed in establishing and maintaining an **ethos** where children and parents feel secure in being able to talk confidently to school personnel about any concerns or fears they may have knowing that they will be taken seriously.

We are aware that **privately fostered** children fall into the category of a potentially vulnerable group and must be monitored by the local authority. Therefore, it is our duty to report to the local authority any child who we suspect is being privately fostered. On admission to the school we will ensure that the parental responsibility of a child is established.

We will ensure that the **curriculum** deals with safeguarding through activities and opportunities in PSHE/Citizenship that will equip the children with the necessary skills and awareness to stay safe from abuse. We want children to understand risk, to become more resilient and know where to go for help and support not only in school but also in the local community.

We have a duty to create and maintain a culture of safe recruitment and to establish and maintain correct procedures that will 'help deter, reject or identify people who might abuse children.' Procedures such as criminal record checks (**DBS checks**), barred list checks and prohibition checks, together with references and interview information, to be used in order to determine the suitability of a prospective employee.

We are committed to establishing and maintaining correct procedures and checks for **safer recruitment** for all new staff, supply staff, contractors, volunteers and governors and the establishment of sound working relationships with parents and support agencies.

Northern Parade Schools - Safeguarding

We will ensure that all adults in the school community attends regular **awareness training** on a wide range of safeguarding topics and that both Designated Safeguarding Leads undertake two-yearly training in their role.

We have a duty to ensure that under no circumstances will we **disclose** to a parent any information held on a child if this would put the child at risk of significant harm.

We recognise **whistle blowing** is the reporting of suspected wrongdoing in the workplace which is regarded as making a disclosure in the public interest. We actively encourage all school personnel and visitors to school to report any serious concerns they may have about any aspect of the school such as:

- health and safety concerns
- damage to the school environment
- a criminal offence that has taken place or is about to take place
- disobeying the law
- the covering up of a wrong doing
- the conduct of its personnel or others acting on behalf of the school.

We are aware that more than 90% of abuse cases involve someone a child already knows such as a family member or close friend. We agree with the advice from NSPCC that 'parents should not leave it up to teachers' to talk to children about sexual abuse but to talk to them themselves.

We as a school community have a commitment to promote **equality**.

We believe that 'everyone who comes into contact with children and their families has a role to play in safeguarding children'. Therefore, we believe it is essential that this policy clearly **identifies and outlines the roles and responsibilities** of all those involved in the procedures and arrangements that is connected with this policy. All governors must be fully aware of their safeguarding responsibilities.

November 2017

Northern Parade Schools - Safeguarding

Child Sexual Exploitation (see policy)

We believe child sexual exploitation is a type of sexual abuse in which children are sexually exploited for money, power or status and is best defined as: involves exploitative situations, contexts and relationships where young people (or a third person or persons) receive 'something' (e.g. food, accommodation, drugs, alcohol, cigarettes, affection, gifts, money) as a result of them performing, and/or another or others performing on them, sexual activities. Child sexual exploitation can occur through the use of technology without the child's immediate recognition; for example being persuaded to post sexual images on the Internet/mobile phones without immediate payment or gain. In all cases, those exploiting the child/young person have power over them by virtue of their age, gender, intellect, physical strength and/or economic or other resources. Violence, coercion and intimidation are common, involvement in exploitative relationships being characterised in the main by the child or young person's limited availability of choice resulting from the social/economic and/or emotional vulnerability. (Safeguarding Children and Young People from Sexual Exploitation: supplementary guidance to Safeguard Children (DCSF))

Dealing with Allegations against School Personnel, Volunteers, Headteacher or Pupils (see policy)

We recognise that all school personnel are vulnerable to accusations of abuse because of their daily contact with children. We acknowledge that dealing with allegations against school personnel is a stressful, demanding, complex and delicate process for all involved. But we will ensure that all allegations will be taken seriously and investigated immediately and impartially in order to provide instant and effective protection for the child concerned and to provide support for the person who is the subject of the allegation.

Disclosure and Barring Service Checks (see policy)

We have a statutory duty of care to safeguarding the welfare of children and vulnerable adults and providing them with a safe learning environment. By undertaking checks via the Disclosure and Barring Service (DBS) for those people who are looking to work with children, we aim to prevent unsuitable people from working with children and vulnerable adults.

Photographic and Video Images (see policy)

We believe there is no law stopping parents from taking photographs of their children at school events as photographs taken purely for personal use are exempt from the Data Protection Act 1998.

Prevent Duty - Dealing with Extremism and Radicalisation (see policy)

We are aware that under the 'Counter-Terrorism and Security Act 2015' we have the duty to have 'due regard to the need to prevent people from being drawn into terrorism'. This duty is known as the Prevent duty and we believe it is essential that school personnel are able to identify those who may be vulnerable to radicalisation or being influenced by extremist views, and then to know what to do when they are identified.

School Personnel Code of Conduct

We have a duty to safeguard and to promote the welfare of all pupils by protecting them from maltreatment, preventing impairment of their health or development, ensuring that they grow up in circumstances consistent with the provision of safe and effective care and to take appropriate action enabling them to have the best outcomes. We believe we have a duty to safeguard and to promote the welfare of pupils and to protect school personnel by creating a whole school culture that is safe

Northern Parade Schools - Safeguarding

and inclusive. We want to maintain a whole school culture by having in place the principles of respect, understanding rights and responsibilities, fairness, tolerance and understanding for all.

- Positive Handling (Restraint of Pupils) (see policy)
We understand that there is no legal definition when reasonable force can be used. 'That will always depend on the precise circumstances of individual circumstances of individual cases. To be judged lawful, the force used would need to be in proportion to the consequences it is intended to prevent. The degree of force used should be the minimum needed to achieve the desired result. Use of force could not be justified to prevent trivial misbehaviour'. (Department for Education – Use of reasonable force)
 - Safer Recruitment (see policy)
We have a major duty to ensure safe recruitment of school personnel and volunteer helpers to this school as we are committed to safeguarding and promoting the welfare of all children. By creating a culture of safe recruitment that involves undertaking criminal record checks (DBS checks), barred list checks and prohibition checks plus obtaining references and other interview information for all prospective employees, we believe that this will help prevent, reject or identify those people who might abuse children.
 - Internet Social Networking Websites (see policy)
We believe school based staff need to be aware that 'posting' anything on social networking sites about themselves, others or their place of work must be prepared for the possibility that anyone could gain access to it. This has been a major factor in identity theft. In terms of school personnel's use of social networking and the web, they must be careful what information is posted due to potential security risks. School personnel should use social networking sites wisely and cautiously and if absolutely necessary bearing in mind they should not jeopardise themselves, others or their place of work. The school will monitor its IT system for inappropriate usage and will take the necessary disciplinary measures if need be.
 - Special Educational Needs (see policy)
We have a duty to provide appropriate SEN provision for children and young people in order to meet their needs. It is also our duty to 'make reasonable adjustments for disabled children and young people, to support medical conditions and to inform parents and young people if SEN provision is made for them.' We must ensure that under no circumstance will we directly or indirectly discriminate against, harass or victimise disabled children or young people.
- To publish this policy:
 - on the school's website
 - in the school handbook
 - in the staff handbook
