### 1. Statement of Intent

King's Group Academies believe that ensuring the health and safety of staff, students and visitors is essential to the success of the academy.

We are committed to:

- providing a safe and healthy working and learning environment;
- preventing accidents and work related ill health;
- assessing and controlling risks from curriculum and non-curriculum work activities;
- complying with statutory requirements as a minimum;
- ensuring safe working methods and providing safe equipment;
- providing effective information, instruction and training;
- monitoring and reviewing systems to make sure they are effective;
- developing and maintaining a positive health and safety culture through communication and consultation with employees and their representatives on health and safety matters;
- setting targets and objectives to develop a culture of continuous improvement
- ensuring adequate welfare facilities exist at the school;
- ensuring adequate resources are made available for health and safety issues, so far as is reasonably practicable.

A health and safety management system has been created to ensure the above commitments can be met. All governors, staff and students will play their part in its implementation.

### 2. Organisation

#### 2.1 Introduction

To comply with the Governing Board's Statement of Intent the academy's normal management structure have additional responsibilities, as detailed below.

### **2.1.1 The Governing Board:**

The Governing Board has the following responsibilities and must ensure that: -

- a clear written policy statement is created which promotes the correct attitude towards safety for staff and students.
- responsibilities for health, safety and welfare are allocated to specific individuals and those persons are informed of these responsibilities.
- persons have sufficient experience, knowledge and training to perform the tasks required of them.
- clear procedures are created which assess the risk from hazards and produce safe systems of work.
- sufficient funds are set aside with which to operate safe systems of work.
- health and safety performance is measured both actively and reactively.
- the academy's health and safety policy and performance is reviewed biennially.

### **2.1.2 The Head or Principal:**

The Head or Principal has the following responsibilities and must ensure that: -

- they must fully commit to the Governing Board's Statement of Intent for Health, Safety and Welfare.
- a clear written local Policy for Health and Safety is produced.
- that the Policy is communicated to staff and others requiring the information.
- appropriate information on significant risk activities is given to visitors and contractors.
- appropriate consultation arrangements are in place for staff and their representatives.
- all staff are provided with adequate information, instruction and training on health and safety issues.
- risk assessments of the premises and working practices are undertaken.
- safe systems of work are in place for identified risk factors.
- emergency procedures are in place.
- equipment is inspected and tested to ensure it remains in a safe condition.
- records are kept of all relevant health and safety activities e.g. assessments, inspections, accidents and investigations.
- arrangements are in place to monitor premises and performance.
- all accidents are investigated and any remedial actions are implemented.
- they report to the Governing Board at least annually on the health and safety performance of the school.

### **2.1.3 The School Health and Safety Co-ordinator:**

The School Health and Safety Co-ordinator has the following responsibilities: -

- co-ordinate and manage the annual risk assessment process for the school.
- co-ordinate the annual general workplace monitoring inspections and performance monitoring process.
- make provision for the inspection and maintenance of work equipment throughout the academy.
- advise the Head/Principal of situations or activities which are potentially hazardous to the health and safety of staff, students and visitors.
- ensure that staff are adequately instructed in safety and welfare matters about their specific work place and the school generally.
- Carry out any other functions required by the Head/Principal or Governing Board.

#### **2.1.4 Teaching/Non-teaching Staff Holding Positions of Special Responsibility:**

This includes Heads/Principals, Deputy or Assistant Heads/Principals, curriculum co-ordinators/subject leaders, admin staff, lunchtime staff, technicians and caretakers. They have the following responsibilities:

- apply the school's Health and Safety Policy requirements to their own department or area of work and be directly responsible to the Head/Principal for the application of the health and safety procedures and arrangements
- carry out health and safety risk assessments of the activities they are responsible for
- ensure that all staff under their control are familiar with any health and safety procedure for their area of work
- attempt to resolve health, safety and welfare problems from members of staff or refer them, to the Head/Principal. Any problems that cannot be resolved locally should be forwarded to the Local Authority Health and Safety Department for advice
- carry out regular inspections of their areas of responsibility to ensure that equipment, furniture and activities are safe and make a record of these inspections
- ensure, so far as is reasonably practicable, the provision of information, instruction, training and supervision to enable employees and students to avoid hazards and contribute positively to their own health and safety
- investigate any accidents that occur within their area of responsibility
- keeping the Head/Principal informed on the health and safety performance of his/her department or area of responsibility (this could be facilitated by quarterly briefings, an annual report, etc. dependent on direction from the Head/Principal).

#### **2.1.5 Teachers:**

Teachers are expected to: -

- exercise effective supervision of their students, to know the procedures for fire, first aid and other emergencies.
- follow particular health and safety measures in their own teaching areas as laid down in the relevant Guidance or Procedures.
- give clear oral and written instructions and warnings to students when necessary.
- follow safe working procedures.
- require the use of protective clothing and guards where necessary.
- make recommendations to the Head/Principal or Health and Safety Co-ordinator on health and safety equipment and any improvements to plant, tools, equipment or machinery that may be necessary.
- integrate all relevant aspects of safety into the teaching process and, where necessary, give specific lessons on health and safety in line with national curriculum requirements for safety in education.
- avoid introducing personal items of equipment (electrical or mechanical) into the school without prior authorisation.
- report all accidents, defects and dangerous occurrences to the School Office.

#### **2.1.6 Health and Safety Representatives:**

Safety Representatives can either be appointed through their union under the Safety Committees and Safety Representatives Regulations 1977 or volunteer to be a Representative of Employee Safety under The Consultation with Employees Regulations 1996

The Governing Board recognises the role of appointed Health and Safety Representatives. Health and Safety Representatives will be allowed to investigate accidents and potential hazards, pursue employee complaints and carry out school inspections within directed time but, wherever practicable, outside teaching time. They must be consulted on health and safety matters affecting all staff. They are also entitled to certain information, e.g. about

accidents and to paid time off to train for and carry out their health and safety functions. However, they do not carry out health and safety duties on behalf of the Head/Principal or Governing Board.

### **2.1.7 All Employees:**

All employees have individual legal responsibilities to take reasonable care for the health and safety of themselves and for others who may be affected by their acts or omissions. In particular, employees must: -

- comply with the academy's health and safety policy and procedures at all times – in particular procedures for fire, first aid and other emergencies.
- co-operate with school management in complying with relevant health and safety law.
- use all work equipment and substances in accordance with instruction, training and information received.
- report to their immediate line manager any hazardous situations and defects in equipment found in their work places.
- report all incidents in line with current incident reporting procedure.
- act in accordance with any specific health and safety training received.
- inform their Line Manager of what they consider to be shortcomings in the academy's health and safety arrangements.
- exercise good standards of housekeeping and cleanliness.
- co-operate with appointed Safety Representative(s).

### **2.1.8 Students:**

Students, allowing for their age and aptitude, are expected to:

- exercise personal responsibility for the health and safety of themselves and others.
- observe standards of dress consistent with safety and/or hygiene.
- observe all the health and safety rules of the school and in particular the instructions of staff given in an emergency.
- use and not wilfully misuse, neglect or interfere with things provided for their health and safety.

## **3. Procedures and Arrangements**
