

Mrs K Wilden
Headteacher

This week has been fantastic, with our children wholeheartedly embracing various activities and experiences that have enriched their learning journey.

The children and teachers enthusiastically participated in "TT Rock Stars and Numbots Day." It was heartwarming to see the children engage in mathematical challenges with such enthusiasm and zest. This event not only sharpened their maths skills but also fostered a sense of friendly competition and camaraderie among our children. Year R children had a wonderful time exploring and playing with Numicon shapes, deepening their understanding of numbers and mathematical concepts. It was a day filled with creative and interactive learning,

Today, we gathered as a school community to pay our respects and remember the sacrifices made by those who came before us. Our Remembrance Service was a touching and solemn event, beautifully attended by our children and staff. We are proud of the respect displayed by our young learners, as they commemorated this important day with utmost sincerity.

One of the many highlights of this week was the collaborative art project undertaken by the children as part of our remembrance. Together, they created a magnificent piece of artwork that not only showcased their creative talents but also highlighted the power of teamwork and unity. This artwork will serve as a reminder of what can be achieved when we work together with a shared purpose.

We were fortunate to have Rocksteady visit our school today, and they were absolutely fabulous! The children were treated to an incredible musical experience, exploring the joys of music and sound in a dynamic and engaging way. It was a great addition to our week, and we are grateful to Rocksteady for their wonderful performance.

We are excited to announce that our Year R (Reception) tours have officially begun! It's an exciting time for both our school and for families who will hopefully soon welcome their little ones to our nurturing learning community. If you have a child that is due to start school in September 2024, please do call the main office to book a tour.

Wishing you all a restful and safe weekend. As always, if you have any questions or would like to share your thoughts, please don't hesitate to get in touch.
