

Key Information

PE Days

Courageous: Tues & Thurs
Invincible: Mon & Weds
Valliant: Tues & Thurs
Daring: Mon & Weds

Year 6 – Autumn 2

Homework

Alongside daily reading and TTRockstars, homework expectations will be shared on the weekly newsletter on the Year 6 page.

Writing

This half term, we will be creating non-chronological reports inspired by the Ancient Greeks, inventing our own hybrid gods. We will also write persuasive letters about climate change, developing our ability to use formal language and emotive techniques.

Reading

In reading, we'll be exploring *Who Let the Gods Out?*, following Elliot's adventures among the Greek gods and mythical creatures. We will deepen our comprehension skills by discussing characters, themes, and how the author creates humour and tension.

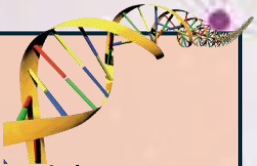

Maths

In maths, we will be learning and revising multiplication and division, building fluency and confidence with both written and mental methods. We will also apply these skills to problem-solving and reasoning challenges across a range of contexts.

Science

We will be studying evolution and inheritance, discovering how living things change and adapt over time.

Geography

Our geography lessons will focus on the icy continent of Antarctica, exploring its unique climate, wildlife, and global importance.

DT

We will be investigating breads from around the world, learning about ingredients, techniques and cultural influences before baking our own.

PDL

In PDL, we'll be learning about valuing difference and how we can show respect and understanding towards others..

Key Dates

4.11 – Individual photographs
4.11 – Parents' Evening
11.11 – Parents' Evening
4.12 – Non-uniform day
