Dear Parents and Carers,

We would like to invite you to attend an information evening about the **Multiplication Tables Check (MTC)**, which all children in **Year 4** will be completing later this academic year.

The session will take place on **Tuesday 3rd February**, and to support as many families as possible, the information will be delivered twice:

- **3:30pm**
- **5:00pm**

Parents and carers are welcome to attend whichever session is most convenient.

The purpose of this meeting is to ensure that parents and carers feel informed, confident, and well equipped to support their child with learning and practising multiplication tables.

During the session, we will cover:

- What the Multiplication Tables Check (MTC) is and its purpose
- When the check takes place and how it is administered
- The support available for children who may find accessing the check more challenging
- How we support children in school to develop fluency and confidence in multiplication
- Practical tips and ideas to help you support your child's times tables practice at home

We hope this evening will be both informative and reassuring, as well as an opportunity for you to ask questions and discuss any questions or concerns you may have.

We strongly encourage all parents and carers of Year 4 children to attend and look forward to seeing you there.

Yours sincerely,

Miss J Wright

Year 4 Lead

Mr T Johnson
